1. We have specific doors for pet entrance to the hotel. While we offer pet friendly rooms, we also want to preserve an experience for all our guests. When leaving or entering the hotel with your pet, please use either side entrance door to the building closest to your room. Please refrain from entering main entrance door and lobby area with your canine.
2. You will find your special amenities for your pet to use during your stay with us within the room.
3. We have provided doggie bags to clean up after your best friend, we suggest taking a walk along the West side of building and continue to the back portion of hotel.
4. In the interest of all our guests, we ask that you not leave your pet in your room unattended and that you restrict your pet's movement away from any public area other than your guest room and the parking area. If this request is ignored we will have to ask you to leave immediately with no refund. Thank you for your cooperation.
